<p>The above chart lists all members of staff employed at the school. Beneath each name is their key role in school plus any additional responsibilities. The use of colour is to indicate who on the Core Leadership Team is Line Manager for which area of responsibility or leadership, for example anyone with a red responsibility is line managed for that responsibility by the Headteacher. Some staff have leadership responsibilities but are not members of the School Leadership Team (SLT). For example all teachers lead subject areas. Other staff have Leadership responsibilities for whole school initiatives such as Team Teach or International, these roles utilise skills, knowledge and interest for the benefit of the school whilst encouraging staff to be responsible for their own particular aspect of school life.</p>
